Program Topic: “Leading with Executive Presence”

Objectives of Presentation:

- Learn how to lead well by enhancing your style in three areas of executive presence
- Building a success pyramid and culture for buy-in with career capital
- Strategies for providing performance feedback across-multi generational teams

Speaker: **Alicia Morgan** , Author, Speaker, Consultant

- Award-Winning Executive Leader and Engaged Advocate responsible for multi-generational workforce inclusion with impact measurements in program management, career development, mentoring and cross functional leadership.
- As Vice President of Education and Programs at the Frontiers of Flight Museum, she is responsible for managing the development and execution of school and public programs reaching over 30,000 students annually through STEM outreach initiatives, aviation and spaceflight history exploration
- Graduate of Tuskegee University with a Bachelor of Science Degree in Aerospace Science Engineering and New Mexico State University with a Masters in Industrial Engineering.
- Her professional engineering experience includes Lockheed Martin, The Boeing Company, and Raytheon. Angelia is A J Rêve International Global Arts Education Fellow, TEDx Speaker and conference presenter. Her

interactive sessions helps attendees learn that there is life after failure by taking corrective action for business success.

- Committed to lifelong learning and successfully maintained leadership excellence in the for-profit and nonprofit sector through process improvement initiatives, K-12 STEM/STEAM education outreach, college/workforce readiness, strategic planning and program development.
-

Tutorial 1: “Inventory Control – Kaizen Case Study”

Presentation Take-away:

- How to prepare for a Kaizen Event
- Lessons learned during a Kaizen Event
- What kind of financial benefit can I expect from a Kaizen Event?

Speaker: **Alberto Yanez Moreno**, PhD, Lead Instructor, TMAC, UTA

- Alberto is one of the main instructors for Lean Six Sigma (LSS) at The University of Texas at Arlington. He is the lead instructor in various classes, provides coaching for newly trained individuals, and works closely with customers in implementing their LSS Program. Alberto has been asked to lead and facilitate multiple continuous improvement projects on behalf of the customer.
 - He has over 39 of experience and more than 25 years of experience in Continuous Improvement of manufacturing and service / transactional processes. His expertise is primarily in training & implementation of LSS, coaching to GB/BB or management and leading Continuous Improvement Kaizen Events.
 - Alberto has worked for the aerospace and automotive, health care, cities, food & beverage, logistics, insurance, chemical plants, oil companies, the maquila factories, steel and paper mills, and discrete and continuous manufacturing processes ranging from small to large corporations.
 - Education: Ph. D. M.E., University of Minnesota, M.S. M.E., University of Minnesota, B.S.M.E., Ibero American University, México, Certified Master Black Belt UTA/Accenture, ISO 9000 Lead Assessor Training
-

Tutorial 2 (Special): “Understanding Customer Risk... from a Manufacturing Perspective”

This presentation is a continuation of a multi-month series on Risk Management that started in May with an overview of Risk Management

Customer Risks are well researched and published from a financial perspective. In the manufacturing world, anyone that ever worked in the sales or customer service areas know that all customers come with their own set of risks.

This session attempts to identify key risks for manufacturing enterprises from a customer/consumer point of view, understand the difference between “perceived risk” vs “actual risk”, and how to develop countermeasures to address customer related risks.”

Speaker: **Satya Kudapa**, Business Advisor TMAC. TMACdfw.org

- Satya has more than eight years of experience providing professional coaching, mentoring and implementing Quality Management Systems, Lean Six Sigma Principles and Project Management.
- Satya is certified as a Lean Six Sigma Black Belt expert for both the manufacturing and service industries, a State Of Texas – Texas Awards for Performance Excellent Examiner (TAPE) and a certified Internal Auditor for ISO 9001 and AS9100 standards.
- Satya has provided project management, training and professional business consultant services to 100 plus enterprises in the North Texas region that span a wide variety of industry clusters including medical, aerospace, defense, fabrication and city governance.
- Satya has worked as project manager with over a dozen different companies in the development of their ISO / AS Quality Management Systems. He has worked with a variety of companies on implementing Lean Manufacturing projects including Value Stream Mapping, Setup Reduction, 5S, Cellular Manufacturing, Kaizen Events and Pull Systems.

Prepaid Meal Purchase via Web:

We have full capability to accept pre-paid meals and/or plan a vegetarian meal via the web using the Square Market system. The cost is the same as the cash, check or credit “at the door”.

A bonus for pre-paid meals will be “**NO LINE AT CHECK-IN**”. Just like at Roundup, you will be able to pick up you badge and enter the seating area, without stopping at the check-in desk.
