# PRACTICAL PERSPECTIVES

Providing World Class Solutions To The Everyday Needs Of Your Organization

Robert Freeman is a recognized authority in the field of quality and environmental management systems centered on ISO 9000, ISO 14000, and transitional management.

He has successfully assisted dozens of organizations with their implementation and registration efforts.

He has transitioned many from entrepreneurial and dysfunctional states of existence into structured and thriving organizations, while others with existing and organized structures, he has brought to greater operating effectiveness.

Auditing Consulting Implementation Maintenance Training

# AN ANSWER

...doesn't become *THE ANSWER* until you choose to embrace it  
and begin to live it as your own.
