To add, remove, review or adjust the activities on your journal, press the **Edit** button next to the appropriate recertification unit activity type and follow the instructions provided.

When you have logged a minimum of 18 points and you are within 6 months of your recertification date, hit the **Recertify Now** button at the bottom of the page and you will be taken through the process of submitting and paying for your recertification. Your journal will then be submitted to the recertification coordinator for approval. If we have any questions regarding your credits or documentation, we will contact you. Once submitted, you can check the progress through your **My Certifications** page.

Recertification

Many ASQ Certifications require renewal (i.e. CQA, CQE, CMQ/OE CSSBB, CRE, CSQE, and others). Renewal cycles are on a 3-year basis, ending in June and December; your certificate will identify the date specific to your certification/s. To renew, you must earn 18.0 Recertification Units (RU's) within that 3-year period. ASQ provides a Journal that documents the RU value of various activities to include work, training, meeting attendance, ASQ services, etc.

This website is intended to provide resources in the form of examples, worksheets, templates, FAQ and contact information to assist you in your renewal cycle. Note in the FAQ that there is a 6-month "Grace Period" for you to process your Journal and Application for renewal to the Section's Recertification Chair. This period is the deadline for processing, and your only alternative after that deadline is "Recertification by Exam". We encourage you to not wait until the end of the Grace Period to process your renewal application... you could miss the deadline and there is no recourse.

Information on submitting your renewal application is in the FAQ. Should you have any questions, after reviewing the FAQ content, please contact our [Recertification Chair](#).
