November 2023

This newsletter is sent by the Greater Fort Worth Section of ASQ as a benefit of your membership.

Section Chair's Message

Ft Worth Members,

Holidays are around the corner!

At the November 9th PDM, we have our annual food drive; please bring non-perishable canned or dry goods.

Thursday December 14th, although it is a hybrid meeting, we hope everyone plans to attend in person as it is our annual Toy Drive. Please bring a new toy to our December monthly professional development meeting.

Jennifer Smith, Section Chair

Program Topic: "Risk Based Thinking: How Quality Professionals Can Make a Difference"

Content to be addressed:
ISO 9001:2008 and prior: Preventive Action
Major headline of the revised version in 2015

- Intent: Increase the relevance of ISO 9001 to business practices and overall goals by applying requirements within the organization's unique context
- Identify and mitigate risks of not meeting quality objectives
- Capitalize on opportunities to improve quality and customer satisfaction

Speaker: Karen Rawson, VP, Consultant and Trainer, DESARA Group

General Tutorial: "Educate Users on 8D to Get Acceptable Responses"

Description:
There are many problem solving models. The simplest is the PDCA cycle, and all address the six step problem solving structure (not credited to any specific quality guru but based in the Scientific Method) to establish effective resolution to existing problems. Each problem solving model has a different "best application".

This presentation will address the 8D model... AKA the Ford 8-Discipline Team Oriented method. This model was also promoted (under a different name) by Kepner-Trego as one of their several methods, based on what is to be resolved.

The speaker finds this is the best model for one-time problems and has used it as a basis for Supplier CAPA. He will address the use of a very specific format that can be used as an educational tool to train the user in providing acceptable results in three phases of response... (1) material containment, (2) root cause diagnosis and (3) solution verification.

Speaker: John Breckline, Quality Process Consultant/Principal, Key Quality

Specialty Tutorial: "NONE"
Dec - None as will be a Hybrid PDM
Jan - Watch for another Shainin Red X tutorial

Meeting Sponsor: Diamond Oaks Country Club

Down the Road...

NOW is the time to consider earning an ASQ Certification.

Classes start in February, with a Early Registration Deadline Discount of $100 payable in mid-January.

Early decision and registration completes your commitment, and becomes the basis for us to assure instructor availability. A minimum of 4 participants is required to make the class a GO status.

Actions:
- Determine what certification is most valuable to your career
- Understand the education / experience requirements
- Investigate company support (funding) of the class and exam
- Budget your immediate and/or long term "investment"
- Make the commitment - Register for the class.

Recognition

Recent Certifications:

In 2022 and 2023, there were very few new certifications. Unfortunately, ASQ has chosen not to inform sections in their monthly member lists about members earning new ones.

We will continue recognizing members at PD Meetings for any new certifications earned in the past few months. Step forward!

When will YOU build your Quality Resume with an ASQ Certification?

Certifications improve both internal promotability and job search marketability.
