Program Topic: “Avoiding Mayhem with Risk Management”

We have all worked on a project where we wondered, “How did we get into this?”
Or “Who thought this was a good idea?”

There are ways to avoid mayhem or, at least, minimize it. Risk management assesses the risk, the impacts – both good and bad, and how to write a plan that outlines what steps we can take.

In keeping with ISO 9001:2015, this is one company’s approach to implementing risk management.

Speaker: **Roxanne L. Pillar**, P.E. Vice President I Huitt-Zollars, Inc.

- Roxanne joined Huitt-Zollars in 2004 as a Vice President and Fort Worth Office Manager. She is currently the HZ Director for Quality implementing the ISO 9001:2015 Quality Management System.
- Born and raised in Iowa, Ms. Pillar received her BSCE from South Dakota State University. During her career she has worked for the FAA and various consulting companies designing and managing public works and transportation projects. Pillar has worked on numerous engineering projects in Texas including the rehabilitation of Morris Sheppard Dam; construction of the Richland-Chambers Dam, the Austin Bergstrom Airport Traffic Tower, and the Bedford Water tower. She organized and prepared the initial LEED documents for the Fort Bliss expansion and was the Terminal B&E design manager for the DFW International Airport Skylink.

- In 1992, Governor Ann Richards appointed Ms. Pillar to the Texas Board of Professional Engineers (TBPE) where she served a six-year term and was selected Chairperson in 1995. She is past president of ASCE Fort Worth Branch (2005). She was the SAME Fort Worth Post president in 2011 when the Post hosted the national Joint Engineering Technical Conference. She was president of the Texas Society of Professional Engineers 2000-01.
 - Roxanne is currently a Senior Member of ASQ. She is a member of the UTA Civil Engineering Advisory committee, chair of the Downtown Fort Worth Inc transportation committee and a board member for Tarrant Transit Alliance.
 - She is a Boy Scout of America merit badge counselor and proud Aggie mom to her daughter and son. She enjoys quilting (engineering with fabric), gardening and spending times with her two grandsons.
-

Tutorial 1: “Quality Walks – Simple Steps to Strengthening Quality Culture”

Take-Aways:

- Quality Walks can be used in manufacturing or professional environments to strengthen quality culture for improved process outcomes and performance results.
- Get Close – Personal conversations with each employee are vital to true understanding and growth.
- Small Steps have Big Gains – Simple coaching and collaborating aligns expectations for easy deployment. Small time investment for significant rewards.
- Safe-Space to Stop & Fix – With a safe atmosphere, powerful discoveries can occur. Commit to change and resolve issues.
- Reaching Hearts & Minds – Connecting with people and re-invigorating any cultural initiative is key to sustained success.

Speaker: **Tina Strickland**, Sr. Quality Eng. Mfg, Manufacturing, Medtronic

- Tina is a quality professional with a passion for developing people and culture. Her 20-year career has focused primarily on continuous improvement in manufacturing environments.

- Tina is a Chemical Engineering graduate of Texas A&M University. She's worked in nanotechnology and medical devices with roles in Process Engineering, Project Management, and Quality Engineering.
 - She is an ASQ CQE, ISO 13485 Lead Auditor, Lean Six Sigma Black Belt in training, and First Time Quality coach.
 - Tina is currently a Sr. Quality Engineering Manager for Medtronic in Fort Worth, TX. The site designs and manufactures high-speed drill systems for neurosurgical and spinal applications. Tina's team ensures all released products meet quality standards to fulfill the Medtronic Mission– to alleviate pain, restore health, and extend life.
 - She actively supports the Medtronic Women's Network, Global Inclusion Diversity & Engagement committee, and Quality Begins with Me initiatives. In 2018, Tina was honored with a prestigious Medtronic Global Star of Excellence award for the Quality Walk program. This award recognizes extraordinary results in quality and innovation, and it celebrated the quality cultural program developed at Medtronic, Fort Worth.
-

Tutorial 2: NONE

Recognition:

Members reaching 3, 5, 7 cumulative certifications in 2019.

Prepaid Meal Purchase via Web:

We have full capability to accept pre-paid meals and/or plan a vegetarian meal via the web using the Square Market system. The cost will be the same as the cash, check or credit “at the door”.

A bonus for pre-paid meals will be “**NO LINE AT CHECK-IN**”. Just like at Roundup, you will be able to pick up you badge and enter the seating area, without stopping at the check-in desk.
