Program Topic: “Managing your Boss / Managing your Manager”

Speaker will explain why it is important to have an effective working relationship between you and your supervisor.

He will give you practical information that you can put to use right away in your day to day work. Unfortunately, this is the least discussed topic in management training.

Speaker: **Pradip Mehta**, Retired, Mehta Consulting

- Pradip has been a member of ASQ since 1974, and an ASQ Fellow in since 1997. Over the years, He has served on a variety of ASQ committees and Divisions at the national level.
- He holds a MS in Textile Engineering and an MBA; he was Professional Engineer in the State of Texas.
- Pradip also taught CQA Refresher Course for the ASQ Ft. Worth and Dallas Sections for several years. He was an examiner for the U.S. President's Quality Award as well as Texas Quality Award and he served on the Board of Governors of the Texas Quality Award. He was a member of the Management Systems Advisory Council and Consumer Advisory Council of the Underwriters Laboratories (UL).
- He has spent his entire career in quality management field and retired as the Director of Quality Assurance from the Army & Air Force Exchange Service, popularly known as PX & Bx Stores, a retail and service agency of the U. S. Department of Defense. During the course of his service, Pradip has helped many suppliers improve quality of their products.

- Pradip has authored three books on quality, one of which is used as a text in many textile & fashion schools. He has taught Quality Management the Premier Fashion School in India under the United Nations Development Program.
 - Currently, he is completely retired and spends his time with his family and traveling the world.
-

Tutorial 1: “Avoiding DMAIC Mistakes”

We will explore the various 7-10 typical mistakes Belts and Champions make in each phase of the Six Sigma DMAIC project. Are you making them now and what can you do to avert them now? How to avoid them in future projects?

Define: scope creep, ambiguous goals, poor KPI linkage, not engaging Process Owner

Measure: wrong time span, poor sampling methods, inadequate process mapping

Analyze: inadequate Fishbone and 5-Why expansion, correlation vs causation issues

Improve: generic action plans, too many “people” solutions, failure to obtain support

Control: short monitoring period, poor long-term control plan, lack of procedures

Speaker: **Simon De Castro**, Continuous Improvement Mgr, Texas Health Resources

- Simon completed his BS in Industrial Engineering in his home country, the Dominican Republic. After winning the Fulbright Scholarship, he obtained his MS in Industrial Engineering from Arizona State University.
 - He has more than 25 years of experience, 16 of them working in Lean Six Sigma managerial roles in companies like Sara Lee, Johnson & Johnson, and since 2017 in Texas Health Resources, where he has worked in the design, implementation, and maintenance of KaiNexus.
 - For over a decade he had a simultaneous experience in the industry and the academia, teaching Statistics and Design of Experiment at his alma mater. Simon is a Master Black Belt, certified as a coach and as a Change Management Practitioner.
 - In his continuous improvement journey, Simon has accumulated a great deal of experience in the design and delivery of Lean Six Sigma content and has coached more than 250 yellow and green belt projects to successful completion.
-

Tutorial 2 (Special): “ON&IN Leadership Principle?”

Gain the skills to enhance your leadership, develop your team, grow your business, and get your life back.... All faster than you thought possible.

ON&IN – Learn how to work ON the business while you work IN the business and adopt a systemic approach to grow your business. I have found 85% of leaders are working very hard, but almost never make time to work ON their business

This is part 1 of 4 in a part series on the principles of Bobby Albert's True North Business Leadership. This series will make a positive impact on your business and your life! You'll leave with a fresh perspective, new ideas, and specific next steps to take in your leadership journey.

Speaker: Bobby Albert, President of Values-Driven Leadership LLC

- Bobby led the Albert Companies to unprecedented growth—and he did so during one of the most challenging economic periods of our lifetime. His unique leadership, coupled with an unending desire to learn, enabled this CEO and his team to grow revenues, profits by 500 percent between 2005 and 2011, the year he sold his business to a publicly traded company.
- Using a values-driven approach, Bobby created a unique and special workplace culture. The Best 100 Companies to Work for in Texas awarded their coveted designation to the Albert team for the first two years they applied for consideration. A life-long entrepreneur, Bobby has started up twelve different businesses and acquired nine others. His approach to business has been to value people, seek wisdom, embrace humility, and never stop learning.
- He is currently president of Values-Driven Leadership, LLC. His passion is to help other leaders build inspiring workplace cultures through values-driven leadership. Bobby writes, speaks, and consults with key leaders to share the principles and practices that he used to grow his company from five employees to an organization of more than 150 team members.
- As a regular contributor on Fox News Radio, Bobby provides insight on leadership, workplace culture, and employee engagement.
- Bobby's first book, *Principled Profits - Outward Success Is an Inside Job*, reveals the time-tested principles that enabled his success. His second book, *True North Business*, is a leader's guide to extraordinary growth and impact.
- A cycling enthusiast, Bobby has logged almost 100,000 miles on his road bike. He and his wife, Susan live in north Texas and have three married sons and eight grandchildren.
